The best thing ever

The crown achievement of our campus center is our extension of IIDA Mentor Month. Going beyond the shadow day with professions, we have created our own programs to further professional development + education.

• IIDA OSU Career Day – which consists of vendor blenders, lunch + learns, guest speakers (2018 Darla King, who discussed owning a women led business and forging your own path), panel discussions, portfolio reviews + skills workshops led by local professionals.
EDUCATION + DESIGN

THE BEST THING EVER

- OSU Mentee Program – connects pre-design students with upper classmen interior students to recruit to the program + give advice

- Lunch + Learn – Q+A session about interior design + IIDA geared towards first year foundation students to dispel misconceptions + provide student’s perspective on the program
