## Join the credit union for IIDA Members

Did you know that all IIDA members are now eligible to join NAPUS Federal Credit Union? We have extended our exclusive membership to include IIDA members and their families, and we would like to share just a few of the benefits we have to offer.

We provide top-notch financial services by offering low loan rates, high savings rates, and exceptional products and benefits. You are never "just a number" to us, and we work with you to help you meet your financial goals - both personal and professional.

Below are just a few of the products and services we offer:

### **Exclusive IIDA Visa Credit Card**

One of our best products is the NAPUS FCU Visa credit card, and we offer the only card designed exclusively for IIDA members! The card has a non-variable rate of 8.70%, no annual fees, and the chance to earn a cash rebate or rewards points.

### **High-Yield Checking**

Our checking accounts earn monthly dividends, have no monthly maintenance fees (or per check fees), and have no required minimum balances. In addition, we offer a free debit card, one free box of checks per year, and free Co-Op ATM withdrawals. You can also add account protection services through Member Privilege.

### **Online Services**

We provide Internet Teller for online banking, Web BillPay to pay your bills online, mobile banking for business on the go, Remote Deposit to make deposits from anywhere with your Smartphone or tablet, and the NAPUS FCU website where, with just a few clicks, you can find ATMs and CU Service Centers nationwide.

### **Loans**

Whether you are looking for a loan for your personal needs or for your business, NAPUS FCU has a solution for you. Our personal loans can be used for anything you need including vacations, remodeling, buying/refinancing cars, motorcycles, and houses. We offer lines of credit for those ongoing projects that don't require large, upfront cash demands.

For business owners, we have a full suite of business loans that can be used for purchasing equipment, remodeling properties, and refinancing current obligations. If you have an idea for your business but don't quite have the means to get there, we have solutions to help.
