

Join the credit union for IIDA Members

We believe in the power of all of us.

Signature Federal Credit Union believes that together, we can do more than we can alone. We're a credit union that's dedicated to serving people who put their name behind something that they believe in by signing up for organizations with a shared purpose, like a community group or trade association.

And for 45 years, that's what we've done, first as the Postmaster's credit union and now welcoming members of associations, business leagues, alumni groups, and charitable organizations based in the greater Washington, DC area. We're proud to help our members build their businesses, their families, and their dreams with financial products and resources for the everyday to the once-in-a-lifetime need.

Signature membership starts with just a \$5 minimum deposit into a basic Share Savings account.

And that's it. No more fees, no more membership minimum balance to enjoy membership benefits. Dividends start to accrue at an average daily balance of \$100. And you'll always deposit with peace of mind because Signature Share accounts are federally insured by NCUA up to \$250,000.
